A bit about me

*I'm a big fan of basketball, having played it for over 12 years*

*I've also developed a strong interest in coding, namely full stack development. I find it very fulfilling to see a webpage grow, and more particularly I have a keen interest in backend development and algorithms*

*I'm on an academic scholarship at Deakin University and I've never been more interested and confident in finding a full time job after I graduate*

*There is one thing I do miss from home, having come from Singapore and that's: Singaporean Food*

*One of my favourite quotes is one said by Kobe Bryant and it reads:*

"Everything negative – pressure, challenges – is all an opportunity for me to rise".

- Kobe Bryant

*It's a line I remember constantly through trials and tribulations to remind me to keep going*

Hobbies

Sports

*I play basketball on Monday nights*

*I also play football on Wednesday nights*

Extra Curriculars

*On thursday nights we have board game night at my house*

*And on Saturday nights we typically watch the footy*

University

My Units

*This trimester I will be taking 3 units and they are:*

- SIT120: Introduction to responsive web apps
- SIT313: Full Stack Engineering, Frontend Development
- SIT320: Advanced Algorithms

*It's hard to pick a favourite unit but if I had to pick one i think it'd be*

**SIT120, Introduction to responsive web apps**

*As i'm keen to implement javascript and different frameworks for both desktop and mobile applications*

My Timetable

Lectures

*On Mondays from 11:00am to 11:50am I have SIT313, then from 12:00pm to 12:50pm I have SIT120*

*On Tuesdays from 12:00pm to 2:00pm I ave SIT320*

Workshops

*On Wednesdays from 3:00pm to 5:00pm I have SIT120, from 6:00pm to 8:00pm I have SIT 313 and from 8:00pm to 10:00pm I have SIT 320*
