Ice Cream Stories

The following three images and text are each held within `div` block that the class attributes `p-4 mb-4 bg-light rounded`, to set the padding, margin-below, background colour and corner shape, respectively. Each Image & Text holds a `row`, with the image is assigned to a `col-sm-4` column and the text assigned to a single `col-sm-8`; allowing it to span the remaining 8 column units. Added to each of these two columns is the `col-12`, which says when the screen is smaller than 576px, it will then use all 12 columns grids for each image and text, allowing them to be stacked on top of each other.
