

"I use AI insights to focus on teaching concepts, not just correcting homework."

"The platform handles the busywork, freeing me up to inspire a passion for science."

"Seeing a student's confidence grow as the AI adapts to them is the best part of my job."

Our Mission

We started AI Tuition because we believe education should be accessible, personal, and effective. Our mission is to empower every student by combining the best of artificial intelligence with the irreplaceable guidance of passionate educators.

Frequently Asked Questions

How does the AI actually work?

Is there a real tutor involved?

Absolutely. The AI handles personalized practice, while our certified tutors are available for one-on-one sessions, conceptual explanations, and mentorship.
